Career Objective

Results-oriented IT professional with expertise in DevOps, cloud infrastructure, and Workday analysis, seeking to contribute to organizational success by leveraging skills in Azure, AWS, Kubernetes, and CI/CD pipelines.

Professional Summary

- 3+ years of experience in DevOps, cloud computing, frontend development, and Workday system configuration.
- Proficient in Azure, AWS, Terraform, Kubernetes, Docker, and CI/CD tools (Azure DevOps, Jenkins, GitLab).
- Skilled in Workday HCM and Financials configuration, reporting, and user support.
- Certified in Kubernetes, AWS, DevOps, Python, and Git, with strong experience in agile methodologies.

Professional Experience

Workday Analyst, Pret A Manger, London (Feb 2024 - May 2025)

- Configured Workday modules (HCM, Financials) aligning with business processes.
- Provided support and troubleshooting, created custom reports and dashboards.
- Conducted UAT, developed training material, and managed Workday changes.

DevOps Engineer, Lloyds of London (Oct 2023 - Jan 2024)

- Architected secure Azure infrastructure using Terraform & ARM.
- Developed CI/CD pipelines in Azure DevOps integrated with GitLab CI.
- Managed secrets with Vault, configs via Ansible, monitored with ELK, Azure Monitor.
- On-call incident response with PagerDuty.

Frontend Developer, Squared Watermelon (June 2021 - Feb 2022)

- Designed Android app using Flutter, Dart, Spring Boot, and MySQL.
- Focused on frontend development and cloud service responsibilities.

Certifications

- Kubernetes (Coursera, LinkedIn): Basic Architecture, Native Tools, First Project, Microservices, Cloud Native Ecosystem, The Documentary, Security, Learning Kubernetes.
- DevOps Foundations, Introduction to DevOps (LinkedIn, Coursera)
- AWS Networking, DevOps on AWS Specialization (LinkedIn, Coursera)
- Python Projects, Git & GitHub, Linux & Shell Scripting (Coursera)

Virtual Experience

Agile Virtual Experience Program, JP Morgan Chase & Co. (Forage)

Education

University of East London (2020 - 2022)

Masters in Advanced Computer Science with Industrial Placement

Modules: Cloud Computing, Big Data, AI, Software Engineering.
